William Renz Speaks
For Propeller Club

Technology's nine months old branch of the United States Propeller Club was organized. Students who are invited to the dinner will be the guest speakers for the evening and will talk on the "Duties of Classification Bureaus." In February of this year the Propeller Club offered the students of Technology the opportunity to form a "Part" here and in March the local club was organized. Students who wish to join may sign up at the Naval Architecture Library.

Eight Hundred Dance
At Sophomore Prom

With an attendance of approximately four hundred couples and a large estimated surplus of income over expenses, the Sophomore class brought to a successful conclusion last Friday night its first formal dance, held at the Hotel Continental in Cambridge. The proceeds, which far exceeded the expectations of the committee which planned the dance, will be turned over to the class treasury to be used for various class affairs during the next three years. Playing for the dance was the Hudson-Delange orchestra. Dancing was from 8:00 to 11:30, with an intermission from 12 to 1:30. Because of the dance, the dorms held open house from 7 to 10 o'clock.

Over the doorway to the ballroom hung a "Welcome" sign. Each couple, upon entrance, receiving a little fig leaf, was directed to the proper table. When you smoke a Chesterfield all day, the price of the dinner will be eighty-five cents.

Open House At Dorms
Asked For 5:15 Dance

A petition that the Dormitories be permitted to hold open house on November 24, the night of the 5:15 Club Harvest Dance was drawn up by the Dormitory Committee at a meeting last night and will be held next month in the Dormitory Committee Rooms. The petition will be presented to Professor Leiterman F. Hamilton, chairman of the Dormitory Board.

Among the routine business of the committee were the appointments of Clifford A. Lytle, '37, as Chairman of the Dormitory Committee and Robert H. Goldsmith, '36, as Permanent Proxy for Roy W. Smith, '37.

Stages upon which the orchestra was seated.

Among the chairman were Pro- fessor and Mrs. Raymond D. Douglass, Professor and Mrs. Norbert C. Sloane, and Mr. Arthur C. Watson, President and Mrs. Compton also attended as special guests of the Sopho more class.

Just plain old
Common Sense

You know that a cigarette can be mild; that is, when you smoke it it's not harsh or irritating.

You know that a cigarette can have a pleasing taste and aroma.

When you smoke a cigarette and find that it has the right combination of mildness, good taste, and aroma, it just seems to satisfy you... gives you what you want.

I smoke Chesterfield all the time, and they give me no end of pleasure.
