Swimmers Lose Close Meet With Worcester

Captain Dodge Again Tops Own Record In Backstroke

Swimmers from outstanding prep-school teams flocked to the Tech recently to meet a few of the M. I. T. stars. Worcester Tech was the chief visitor, and with a few breaks should make a close and exciting meet. Our swimmers are in good condition now, and are looking forward to a tough meet against the visiting team. The returning swimmer, who brought us back to the top of the Eastern Conference, is to be congratulated on his efforts.

The Tech barely in front by a 19 to 17 margin, the meet was a rough one. The swimmers were not in top condition, and it was a struggle to stay in front. The meet was not without its share of drama, however. The 150 yard breaststroke was particularly exciting, with several close finishes and a dramatic comeback by the Tech. The meet ended with a thrilling victory, with the Tech barely in front by a 19 to 17 margin.

The Tech team is in good condition now, and are looking forward to a tough meet against the visiting team. The returning swimmer, who brought us back to the top of the Eastern Conference, is to be congratulated on his efforts.

Hockey Team Loses To Boston College

Slippery Fencing by Both Sides

In a game featured by poor hockey andBoston College squad defeated the Tech by a score of 3-2, in the Boston Arena, by a score of 5 to 2. The teams were well matched and the game was a tight one, tighter than the score indicates. B. C. scored in the first period, three times in the second, and once in the last, but it was too little too late for the Boston College. The game was characterized by slippery play, and both teams had a hard time of it.

Another sport was active this week. The dinghy skippers added to the excitement by capturing second place at the annual Southwest regatta on Long Island Sound last week. Although the Engineers were in second place, they did not have enough points to win. The winning team was added considerably to the Instinct's athletic prestige by placing as high as possible. When they come to be ahead of Harvard, they are sure to make a strong showing. That's because we will be having a steady influx of new members into the club.

Petition From Library Users

Request for No Silent Site

After a petition had been signed by over 100 students, the Memorial Committee on Silent Sites was formed to discuss the problem. The committee visited the library and was impressed with the quiet atmosphere. The petition was turned in and will be discussed at the next meeting of the library organization. The petitioners are requesting that the library be open without interruption.
