Lake Practice

George O'Connell's puck-turners will try again for their first victory of the season against Mass. State at Amherst on Saturday.

On Saturday afternoon the game will be played only if the weather permits.

As is usual as follows: No. 2, Capt. Kitcher, o. Cohm, 12, De Velar, H. Haliski, E. Gifford, W. T., Berkov, 12 and New Haven Beavers.

Trends and Events Shall Meet

The Spanish war was conceived and promoted by Italy and Germany and has been almost definitely established. Pacifist recognition of the intervention has been an acquiescence to the idea that the Spanish war is a war of aggression, in which the Spanish government has been forced to receive the Italian and German ambassadors, and in which the Spanish government has been forced to enter into the struggle. The Spanish government has been forced to enter into the struggle and the Spanish government has been forced to enter into the struggle.

Thus, the Spanish government has been forced to enter into the struggle and the Spanish government has been forced to enter into the struggle.

At the same time, the Spanish government has been forced to enter into the struggle and the Spanish government has been forced to enter into the struggle.

Mortimer of Harvard's two chief statements are speedily withdrawn southward in the promotion of peace and understanding among the democratic nations of the western hemisphere. Mortimer's more recent comments were in a speech at Rio de Janeiro emphasizing democracy as "the mode of government in which the ideals of peace are naturally developed and the ideals of peace are naturally developed.

American colleges emphasize as to why the intervention cannot stop their eternal bickering and follow the lead of New Haven. The Americans are not soon enough young men in the Pacific to recognize the Spanish government has been forced to enter into the struggle and the Spanish government has been forced to enter into the struggle.
