B. U. Given Edge In Return Match At Arena Tonight
Skaters Score First Victory In Out-Of-Town Trip Over Hoyas

Revised Line-Up Improves Team

After a trip ahead in which they broke their long losing streak, the indomitable Hoyas were playing a return match with the Boston University skaters at 8:30 tonight at the Boston Arena. During the holidays the Institute team beat Hamilton College, 3-9, at Clinton, New York, and was beaten by Union College, 4-1, at Schenectady, New York. The victory over Hamilton College is the first that the team have been able to register this season. The improvement in the Tech team shown in this game was attributed to a change in the lineup.

A goalie who apparently could think faster than the puck itself, not to mention any casual players, was the center of attention in the game tonight. The Tech goalie made the outstanding total of forty-five saves during the game. Union was also aided by the weakness which Tech has shown consistently all season at goalie. The game itself was one of the closest of the season to date, with the score going 2-5.

The revised line-up which was first tried out in the Hamilton and Union games is as follows: Acker, Eddie, Goalie; Hargens, Bill; Crossen, Richard; McKernan, Frank; Sabi, Lester. Finally the Tech goalie made the exceptional save which won the game.

Trails Colgate and Syracuse As Teams Finish Close In Millrose Meet

Showing unexpected strength, the mile relay team defeated Yale in the annual E. C. games held in Boston last week. The team consisting of Al Faust, Paul Deslandres, Gene Cooper, and Lester Saher, took the Institute record for the event by covering the distance in the first time of 3:29.5. Not content with their record-breaking performance, the team traded down to the Millrose games in New York and finished a close third in the mile relay race which was a fierce contest with teams from Columbia, Syracuse, Colgate and Tech participating. Although finishing third the boys once again cracked the Institute record, the time being 3:27.5-5. The race was exceedingly close, in fact only 1-6 of a second separated the Tech boys from the Colgate aggregation which won the event.

I HERBERT MARSHALL
FAMOUS RKO RADIO PICTURES STAR

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, 87% stated they personally prefer a light smoke.

Mr. Marshall verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen, and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat!
