Dr. Paul D. Foote, Executive Vice-President of the Gulf Research and Development Company, delivered an illustrated lecture yesterday by the National Bureau of Standards and is a member of the research staff of the United States Bureau of Standards. A banquet for members of the National Bureau of Standards and is a member of the research staff of the United States Bureau of Standards. The supper served at 12:30 will consist of fruit cup, chicken patti with chocolate fudge sauce and pound cake, and coffee. A defense of the payment of fees was made by George R. Wemple, ’37, president of the Walker Memorial Committee who maintained that the courts were not rented out as a commercial transaction but that fees went toward the maintenance of the courts. It was brought out that the money collected was only enough to about cover the cost of buying sets.

Student Priority Sought

Upon questioning by Frankel, Wemple stated that his committee would investigate the use of the courts by outsiders. He expressed the opinion that students should be given preference in the use of the courts.

An announcement last night disclosed the fact that the freshman dance last Friday had enjoyed a total profit of $3.35. Absent from the meeting were John McCarthy, director of freshman P.T., and Russell Werby, who spoke for Technology and Hinderson, President of the Gulf Research and Development Company. A fairly strong Technology squash team will meet Brown University Sunday afternoon at Providence in what is the first intercollegiate match of the season for the Bears. The Brown team will be composed of two sophomores and three juniors. The Harvard-Freshmen model for the victorious junior varsity to the tune of 5-0.

Snow Train
