THE TECH

SPORTS COMMENT

We saw the fade-out of bowling Saturday night . . . two hundred people attended the final . . . the largest tournament this year . . . The Coasa guard handed a bad beating to the Tech boys, scoring four knock-outs of the eight bouts. Anyone who had his doubts about what may have seemed to be a "hasby" decision by the A. A. would have been definitely convinced of the wisdom of his action when he saw the outcome. The visitors lost to the more experienced James Morehouse, also a freshman, who lost for Technology were Jack Tooke, '40, winning a decision from Laverty of Lowell. This week-end the team will go to Springfield to compete in a triangular meet next week.

They scored 24 points to 13 in the first half, but after that the Lowell team suddenly found itself and began to forge ahead and the game ended with them on top.

METROPOLITAN OPERA SAYS:

"A season of opera and concert means my voice and throat must be consistently in perfect condition. Therefore, although most of my smoking is done while I am on vacation, it is all important to me that I be careful in choosing my cigarette. I smoke Luckies because I enjoy their taste and because I feel it is wise for me to choose a light smoke for my voice."

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Jepson verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.
