Thorne-Loomis European Travel Plans Ready; All Students Eligible

Arrangements for the Thorne-Loomis European Industrial Tour this summer have been completed, and sign-up sheets have been posted in Room 1-181. Only one bus is being used this summer due to a decrease in the number of participants. The travel plans have already been filled. The countries included in the itinerary, from west to east, are France, Germany, Switzerland, Denmark, Norway, Italy, and England. Registration for the tour is open to all graduates and undergraduates. The trips are made possible through the generosity of Alfred L. Loomis, a member of the Institute Corporation, who has loaned a specially-equipped bus for the purpose. The bus includes eating and sleeping facilities, and it is taken to Europe with the students. This method of travel materially lowers the cost.

This year's trip is the fifth one to be made. The students will sail on the "Statendam", flagship of the Holland-America Line. They leave New York on June 1 and arrive in Rotterdam June 12th. After four days in Holland, they will proceed to The Hague, Rotterdam, Amsterdam, Maastricht, Hasselt, Antwerp, Brussels, and Belgrade. In Paris through the Rhine and World War battlefield areas of Germany and France. Two days in Paris, and then they progress to Geneva to Zurich in Switzerland, Denmar, Norway, Sweden, and England. Last year the trip extended over five weeks, and many of the twelve sign-ups are now being made in Room 5-130 at the Nautical Association. To conduct the tour is Mr. E. F. Knight. Students interested are encouraged to sign up.

Informal Snapshots Wanted

For Yearbook Publication

Informals for the Technique are needed and anyone having pictures to submit is asked to get them in this week. The deadline is Friday, March 19. Negatives are preferred and they will all be returned next week. Prints will be accepted only if they are size 3 1/2 x 5 1/2 and on glossy paper. They can not be returned. The pictures or negatives are to be placed in the box provided for the purpose in the information office, room 10-100. Hand in as many pictures as possible.

Informal List
Brooks Hospital
Crossan, Richard M., '40.
Hayes Memorial
Taylor, William E., Jr., '40.

Rubye Keeler says:

"Lucky’s are a light smoke that treat a tender throat right"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke. Exercise can keep the muscles in shape, but there are a lot of things that can go wrong with the voice and throat. It stands to reason, then, that any woman wanting a cigarette that is gentle and strikes the right note with her throat. I started smoking Lucky’s 4 years ago. They’re a light smoke that treat a tender throat right!"

"In a way, it’s easier to keep in con-

dition as a dancer than as a singer.

Your voice, like your muscles, is

somewhat a mirror of your health. Exer-

cise can keep the muscles in

shape, but there are a lot of things

that can go wrong with the voice

and throat. It stands to reason, then,

that any woman wanting a cigarette that

is gentle and strikes the right note with

her throat. I started smoking Lucky’s 4

years ago. They’re a light smoke that
treat a tender throat right!"
