“My throat welcomes Luckies—my favorite cigarette for 5 years”

"Luckies have been my favorite cigarette for about 5 years. They're a light smoke—that-sensitive throats welcome. Of the many trends that sweep through Hollywood, one of the longest lasting has been the preference for Luckies. I once asked a 'property' man—who supplies cigarettes to the actors—what the favorite is. He answered by opening up a box containing cigarettes. They were Luckies.
