Lecture Leads Local Branch of Union of Technical Students

E. S. Parker, President of the Boston Federation of Architects, Engineers, Chemists and Technicians, will speak on "The Need for a Federation of Engineers" at the meeting of the Federalists' Society at 4 p.m. Thursday, April 22. The lecture is sponsored by the American Student Union.

In his address, bettering conditions in the engineering profession, Dr. Parker will state the need for organized labor in the engineering profession. It was formed several years ago as the American Student Union.

The Organization expects to affiliate with the American Federation of Labor. Mr. Parker is a graduate of the University of California, and a structural engineer by profession.

Leonard A. Sedar, '27, who writes this issue's last column of "The Ferret," is former chairman of the Friends Service Committee, a Quaker organization. He will present the address, "The Need for a Federation of Engineers," at the meeting.
