Small Arms Matches Held at Camp Perry

Three Weeks Schedule Begins Aug. 22, Ends Sept. 11

The National Small Arms Matches will be held at Camp Perry, Ohio, this summer open to students of the Institute. The first week will be devoted to instruction and the second and third weeks to competition with rifles and pistols. The program will continue August 22 and end September 11.

Tests, building and similar supplies are provided by the camp. Rifles and pistols may be drawn for a deposit or the contestants’ own guns may be used. The government furnishes ammunition for competition and practice. Major Archibald D. Flaken of the Military Science Department was on duty last year and expects to go again this year. Joseph Keithley ‘37, and Thomas Cunningham, ‘37 were members of the 5:15 Club. Tickets may be had in the main lobby from 12:00 noon to 1:30 any day during exam week or from Billy Jackson in the information office in Building 10. In case the weather is threatening and there is any doubt as to whether the party will be held, information can be obtained from Eddy Pang in Walker Memorial, Billy Jackson, in the information office, or Milton E. Walace, 38, chairman of the entertain-ment committee of the 5:15 Club.

Questionnaires (Continued from Page 2)

...than the public would be- lieve. The amounts spent for corsages and flowers are some of the reasons they may use to say that statement is not true. It seems that Techmen are more popular than the public would believe. The amounts spent for corsages and flowers are some of the reasons they may use to say that statement is not true.

Cunningham (Continued from Page 1)

Another fact revealed was the unusual amount of letter writing that Tech men seem to do. The only explanation offered to answer this is that perhaps some of the fellows included the postage used to send their laundry home, and thus they are not really as romantic as their passage bills would indicate.
