SPORTS COMMENT

To urge the class of '41 to go out for athletics may seem superfluous in view of the fact that nearly all have been engaged both at freshman camp and at other athletic events. But the class of '41 is a well-balanced one, and many of the boys do not only do sports offer relaxation from the stresses of academic life, but also an opportunity to keep that physical fitness which is so essential to proper and healthy living. It is not that which is learned in school that a student must live in sheltered seclusion and escape from the turmoil of the world. He also needs to be able to stand the stress of student life.

The policy of Technology, as you may have noticed, is not to prevent students from joining teams, but to offer you a balanced life. And yet winning teams are produced and warmly welcomed... Students of the Institute are quite well pleased with the increase in the number of teams... and the fact that the Student Gymnasium is now equipped for various sports is certainly a step in the right direction.

Track Enthusiasts Ask To Report

All the members of the class of '42 who are interested in running for the Freshman Track Team should report to Dr. Hedlund, at the track house as soon as he announces to show the actual decrease of a gymnasium and other additions to the Institute facilities for extra-curricular activity.

All Tech Smoker

The Techo is very helpful to the students in the various organizations at the Institute. The Techo is to be passed upon by the Student Council. The Techo is a good way to start your even.
