Six New Boatswains Undergo Initiation
Boats Bear Basting Boatswains Back Before Breeze
Sailing dinghies backwards, all newly elected boatswains of the Nautical Association struggled valiantly for over an hour yesterday evening to escape the docking threatened them if they did not successfully perform initiation requirements.

Of the six, only the two who sailed backwards across and back the Charles can frequent the sailing pit, without fear for the next week. Jerry Reed and Sam Week, '60, the victors, lost courage to fulfill their part of the past and dock the hounds when they saw how greatly they were outnumbered. Of the four others, Darby Merrill, '38, William R. Hazelton, '34, Charles can frequent the sailing pit, and Experimental Flying Club and Course XVI

A.I.C.E. Will Conduct Their Smoker Friday

The Student Chapter of the American Institute of Chemical Engineers will hold, as its first meeting, a smoker in the North Hall of Walker Memorial, the purpose being to introduce the new members to the Course X faculty. Following short talks by Professor Walter G. Whitman and Dr. Warren K. Lewis, older and doughty will be served those in attendance.

as appeals and chased them with hockey whistles. But, he said, it caused no more trouble than the Dean deserved to create the freshmen that way that is to the corner of Tremont and Boylston Streets.

which proves that most of our troubles are due to the feminine in-visibility. It doesn't take long to prove that the Institute is in the same old place. In week, the sub-lounger has been overwhelmed by proof that it's the same old place. It all started when certain individuals started mailing blank checks for tuition into the bank, and the Tech business staff now letting the Tech business staff know it until you are introduced. . . .

You might be standing right next to the most attractive person you ever met, but you don't know it until you are introduced . . . until you get acquainted.

And you don't know how much pleasure a cigarette can give until somebody offers you a Chesterfield.

Certainly this is true: Chesterfields are refreshingly milder . . . they've got a taste that smokers like.
