The Tech To Hold Poll For “The Girl Of My Dreams”

What sort of girl do Tech men date? What sort of girls do they want to marry? These burning questions and more will be answered Wednesday when The Tech makes a survey of the engineers’ ideal girl.

Voting is in the main lobby from 9 to 6. All ballots are to be strictly confidential and no man will be required to sign his name if he does not wish to do so.

Results are expected to produce a picture of Mass Technology of 1937. It is also expected to establish once and for all the issue of date versus wife. Do Tech men go out with the sort of girl they expect to marry? Vote Wednesday and read the results in Friday’s The Tech.
