we reach physical maturity until we can get married. Sowing “wild oats” can be directly attributed to the imperfect restraint on these impulses. We need more education to teach young people to control their impulses, and make their standards more rational. The double standard is still with us.

WE CHALLENGE

THE MOVIEPAPERS

NOW that the last victims of the glove fight have been removed from Tech to find more fitting places, and the field again cleared for worthy use, The Tech’s Ter’riers are engaged in a war nurse and you from becoming cannon fodder. Perhaps you don’t like to read fashion magazines, but shows full of so many beautiful girls in锄ees are very hard to find. The color dolls are for Joan Bennett, Warren Baxter, Helen Himes, and Mischea the problem of uprooting war is an old problem. Since Eve

COMMITTERS AND GYM DRIVE

Editor, The Tech: On November 5 issue of The Tech, a “Dormer Prize” was a letter which fairly searched the common term is Cervical, and I am a committer not by choice, but by necessity. The very fact that I am a commuter convinces me that the greatest need at M. I. T. is not a new gym, but additional facilities to accommodate the vast numbers of students who commute. The problem of social diseases. In addition to-" the vast numbers of students who commute. The problem of social diseases. In addition to-

COMMISSIONERS AND GYM DRIVE

The very fact that I am a commuter convinces me that the greatest need at M. I. T. is not a new gym, but additional facilities to accommodate the vast numbers of students who commute. The problem of social diseases. In addition to-

ENGINEERS AND WAR

Editor, The Tech: Suppose that while you’re sitting out a dance the conversation turns to methods for keeping the United States out of the next war. What do you know about the possibilities of preserving your girl from coming a war nurse and you from becoming cannon fodder? That is one question to which the Tech Gym Panel’s meeting on “Isolation” would prove valuable.
