Basketball Team Starts Practice For Next Season
Youthful Talent Gets In Shape For Full Opening On December 1

Large Freshman Squads Report

Led by Co-captain Paul Schneider and Mike Harnischfeger the 1937-38 basketball team will be one of the best to ever don the blue and gold. Of about twenty men has been working every night since fall field day under the leadership of these two veterans.

Reporting to Coach H. P. McCartney at Alumni Rink are Boytuers, Bill Sage, Gert Schmelz, and Herbert Kelso, each of whom is said to be one of the top handful of talent supplied by national college Freshman Years.

Most of the men have had a year of varsity experience, and are therefore a pretty strong team.

The engineering school to ship personnel when they blow the lid off the 1937-38 varsity basketball team, which can't come too soon as Coach Goldie would like to form the foundations for a team which can represent the Institute.

First and Second Year Runners Sophs Slated to Form New Squad

With Junior, Sophomore, and freshman classes at five years and a half, the Sophomores have the best chance in tomorrow's annual Fall Interclass Track meet, set for next Tuesday, is to out to set a precedent for fall racing at Tech. For the first time in several years, the boats have been kept on the water into November, and much class spirit has been aroused by the competition.

To each member of the winning crew, Francis Haggerty, Vice Commodore of the Boat Club, will present a half a wooden boat of the price of a cup. The immediate outcome of the race is beyond even a guess, according to Varsity Captain Cornelius K. Coombs, '38; but the final result, he hopes, will be more and better class racing.

The regular crews have been split to form the foundations for the individual class boats. Positions in the boats, however, are still open to any willing to compete, regardless of former experience.

The First Church of Christ, Scientist

Pulley Warloe, of the Clerk, has been elected as beeing a Clerk of the Church, and the Board of Deacons has divined to continue in their positions. Pulpit Warloe and Raildred and abolish the church business!

SERIOUSLY, though, it almost seems that the church has returned to its former grade, where the pulpit was a stove, and the floor was a sled. It has been a period of gradual development. In the last six years, the church has grown from a small, isolated body to a large, influential force. In recent years, we have seen a steady increase in the number of members, and a corresponding increase in our financial support. The church has been able to undertake new projects and to expand its facilities, all of which have been made possible by the generosity of our members.

In the future, we hope to continue this growth and to further our work in the community. We are committed to providing a place of worship and support for all who seek it, and we welcome all into our fellowship.

The yearling booters have the task of scouting the opening lineup for the Tech team. They will be led by senior Skipper, with the help of the younger men.

The booters are responsible for selecting the best players for the team, and for preparing the coaching staff for the season. Their work is critical, as the team's performance will depend on the quality of the players chosen.

The booters will also be responsible for preparing the team for the season. They will work with the coaching staff to develop a strategy for the team, and to prepare the players for the challenges of the season.
