Freshmen Win Intercollage Crew Race

Harvard Beaten By Tech Sailors

Runyan Calls In High Scorer By Close Margin Over Eric Olsen

Sailing under gray skies in a rather calm Charles River Basin, the Carrig and Gray sailors breezed away with victories over both the New York and Brown freshmen crews. In the first instance the men were out for the ten miles of the distance and the new, light breeze came out second best in their match with the Engineers to the tune of seven miles. In the second assignment the gray lads topped over the Dartmouth basemen from out of the nine miles with a score of eighty-three to forty-seven. Colie was the high scorer for Tech.

Tech Technology Meets Defeat In Mud As Dartmouth Scores

Absence Of Three Varsity Men And Th sick汉an Gouker Proves Too Much

The Technology board came out of their first race with both the Dartmouth men and the New York Engineering, but the second game was with their usual success. The outcome, however, was not so badly that the game became a farce. Play was of high school calibre at the start and the Tech crew did their best to keep the foot and kick the alms, ladies held.

The Tech team thus continued its unrecorded record of no victories to date. Tuesday night is expected to have its share of an eight oared shell which will be presented to the freshmen at the Boat Club Dinner Friday evening. Each member of the crew will receive an oar carved with a suitable inscription.

The lineup of the winning crew was that of: Bosnian, stroke; Pol-
ner, 1; Affr, 2; Romland, 3; Gaeth-
er, 4; Mather, 1; Hewrter, 5; Gart-ner, 6; Sheppard.

Basketball Schedule 1937-8 Date Varsity Freshman
December 8, Harvard at Harvard.
December 11, H. U. at H. U.
December 14, New Hampshire at M. I. T.
December 19, Mass. State at State.
January 3, Clark at M. I. T.
January 10, Colby at Colby; Bridgton at Bridgton.
February 13, Tufts at Tufts.
February 16, Bates at M. I. T.
February 26, Tufts at M. I. T. Andover at Andover.
March, Tufts at Tufts; Tufts at Tufts.

Harvard Class Of 41 Boat Ahead At Finish By Two Lengths

Fresh, Sophs, Juniors, Seniors

In That Order

Tech Hockeymen

With many of last year's back and a large amount of promising new ma-
terial at hand, the prospects of the Institute hockey team are consider-
ably brighter this year than they have been for some time, according to Coach George Owen.

Among last yard's stars who are back this year are Richard Muir, captain of the team; David Allen, Robert Eddy, Albert Minott, Maynard Henry, William Cook, and Clinton Hilliker.

Tech Finds Goal Tender

In amateur hockey, goal tending is one of the most important posts and it is in this position that Tech had been weak for the last couple of years. This weakness has improved a strin in the rest of the team. Therefore the appearance of a man who seems capable filling adequately that post would do much to strengthen the team as a whole. In George Cer-
ti's, one of the men out this fall, Coach Owen feels that perhaps he has that man. Among the candidates is another fresh man, who has shown up at practice this past week. Names are: Lang, Gerald Grace, and Richard Small.

13 Games Scheduled

The schedule for the team this year includes thirteen or fourteen games, of which thirteen have been definitely arranged. The games, which take place December 8, is with Boston University.
