T.C.A.'s Yearly Xmas Tree
On Display in Main Lobby
As usual, the various depart- ments of T.C.A. have an ex- cellent Christmas tree in the Main Lobby.

The Tree, donated and de- corated by the T. C. A., is to be displayed throughout the week. According to Wally Ross, General Secretary of T.C.A., they have a very nice tree this year. The tree is actually in the Department of the Chemistry Department.

Other ornaments include lights, a Christmas ball, tiny trees, and ornament "moon." 

A.S.U. Condemns Foreign Nations

Boycott and Sanctions Urged
At Student Meeting

L. J. Hurley, Secretary of the A.S.U., presented in a short address before the student body, the problem of Japan and Germany. He urged a boycott of both countries, and sanctions against these Fascist nations as a means of aiding the democratic forces of the world to combat Fascism.

Following the meeting of the Technology Chapter of the American Student Union last Thursday, Dr. R. H. Rodey, of the M.I.T. Club, addressed the students. He discussed various ways and means for the purpose of obtaining information for purposes of research. He mentioned that the construction and housing of the new campus will require a large amount of work.

This week's club meeting was held in the New England Inter-collegiate Leagues in which M.I.T. is to take part.

Meanwhile the Freighting Debaters team has postponed its meet with Boston College, which was to take place the week before Christmas, until February. However, the rounds are still advertised for sales with Holy Cross, Boston University, and Boston College.

This evening the club is a Sending of five P. M. in the West Lounge of Walker Memorial. There will be some refreshments and extra-curricular experiences at the meeting.

Propellor Club Meets

R. H. Rodney Tomorrow

Guest speaker at the Propellor Club meeting, which will be held in the Propellor Club, B. U. will be R. H. Rodney, of the Boston Standard Oil Company. His subject will be "The Air Age Way".

He will discuss various types of aircraft, and discuss the latest developments of aircraft in different areas of the world. He will also discuss the future of aviation and the effects of it on society.

The meeting will be held at 4:30 p.m.

T.C.A.'s Features

Dr. K. T. Compton In Current Issue

New Issue of Magazine Will Appear on Stands Wednesday

Compton Discusses Engineering

The Engineer in Industrial Relations

President K. T. Compton, the feature article of the current issue of the T. A. N. appearing on the stands this Wednesday.

The author shows the importance of the engineer in modern industry, using as his starting point the fact revealed in a recent survey covering 300,000 offices, that a graduating class in engineering is thirty times more likely to become a "Company of Industry" than his liberal arts school counterpart. The article draws contrasting point of view on a similar subject written last month by John H. Lewis.

An article article designed to appeal to the average industry of the readers of the Ts. E. N. appeared in the current issue of the T. A. N. Nothing was written this month by John H. Lewis.

There are several other areas of importance in the story of the engineer, which are not discussed in the schools. The writer has been active in the Bureau of Standards and has been a member of the Bureau of Standards.

Sigde Xi To Hear
Dr. Compton Talk

Plans for Expansion Program Will Be Made at Meeting

Subject of New Yorker Engineer is Current Issue

Professor T. K. Shwoder will give a talk on the "New Yorker Engineer" issue of the American Institute of Electrical Engineers, which is scheduled for February 16th. The talk will be given at a meeting of the American Engineering Society held in the Engineering Building at 5:30 p.m.

The president of the A.S.U., Dr. R. T. Grossfling, will introduce the speaker. The speaker, Dr. Shwoder, who will present the subject, the "New Yorker Engineer" issue of the American Engineering Society, will discuss the problems and opportunities for engineers in the future.

This week's meeting will be held in the Engineering Building, and the meeting is open to all students.

The speaker will discuss the various issues of the magazine and the opportunities available for engineers in the future.

The meeting will be held at 5:30 p.m. in the Engineering Building.

Surprise Entertainer At Dorm Dance

Jewel Ford's Orchestra Plays For About 500 Students

The Dorm Dance given Saturday night, in the Main Hall of Walker Memorial was attended by about 1500 couples and, according to Bernard W. Melrose, '39, Chairman of the Dorm dance committee, "the place will be the favorite." All of the women students in attendance will be served at 10:30 p.m.

Mr. Forrester, a popular player at dorm dances, supplied the music. A special invitation was extended to the orchestra in the center of the dance floor.

John E. Murdoch, '41, marines player, was a hit with the audience. The audience danced to his music and "he was doing a great job." Some of the students who attended the dance said they "could not believe it." Mr. Forrester is the leader of the orchestra.

Caucus Moffett, '39, gave a special display of his "Aeroplane" in the South.

Idemal Men May Smoke Anything Other Than Cigars

Chastity Wanted; Neeking O.K.

Technology coeds see no difference between their ideal mates and their ideal mates, according to "Dream Man" results revealed last night. Unlike their male colleagues at the college, the femininity engineers desire comparable moral chastity from all their companion's, the poll showed.

Technology Men Balderdash

Technology men did not fare well in the voting, in which 60 per cent of the women students participated. The girls, men, were far more influenced by their colleagues in the "Dream Girl" poll results and 90 per cent of the women were unanimous in their opinion of the engineering engineer's "bachelorhood with its "unnilization." This poll did not wholly lack the somewhat teasing tone which charac- terizes these polls, however, a few weeks ago, but for the most part the results were similar to the previous one. A direct quote of comments on this issue was: "Want Big Salary."

Voo Doo Gives Income From Subscriptions to Voo Doo Foundation

In Issue on Stands Thursday Contains Christmas Tale And Emma Whitty

Voo Doo's Christmas issue will go to newsstands Thursday. The issue will contain a Christmas story, and Emma Whitty.

This month Phosphorus presents this Christmas story in the magazine of the same name. Voo Doo is an experimental periodical about nature and its connection with the world, and is published by W. H. Dell, of New York.

Voo Doo Gives Income to Fund

For New Year's Ball

Vendue's New Year's Ball will be held on Saturday afternoon at 5:30 p.m. The new year will be celebrated in style, and will be a real party. The ball will be held at the Vendue Hotel.

The Vendue Hotel is located in the heart of the city, and is a popular destination for New Year's Eve celebrations. The hotel offers a variety of activities for guests, including a buffet dinner, dancing, and a midnight toast. The ball will be followed by a midnight toast to the new year.
