ment of Mathematics and later was made Walker Professor of Mathematics.

Held Many Faculty Offices

Prior to 1906, Dr. Tyler was secretary of the faculty for 15 years, and was chairman of the faculty from 1913 to 1915. He also served as head of several faculty committees, notably those on courses of instruction and admission, and was president of the Faculty Club for many years.

Since its foundation in 1900, Dr. Tyler was active in the work of the College Entrance Board, of which he was vice-chairman at the time of his retirement. He was consultant to the Library of Congress on scientific literature.

He and Wife Established Fund

Dr. Tyler's wife, the former Alice Brown, who died in Washington last November, also graduated from the Institute in 1884. Both she and Dr. Tyler were long interested in the welfare of students at the Institute, and in last March they established the Brown Tyler Fund, the income of which is to be used for the welfare of women students at Tech.

It's a friendly glow... that lighted Chesterton. It brings pleasure and comfort to men wherever they are.

That refreshing Chesterton mildness... that appetizing Chesterton taste and aroma... makes a man glad he smokes.
