Radio Society Hears Talk On Television
Howard C. Lawrence, '38, gave a brief talk on television at a meeting of the Radio Society held yesterday at 5:00 in Room 10-275. An experienced speaker was exhibited.

Lawrence first explained the principles of television. He then spoke on the immediate demand for television, such as economic feasibility, to both the sender and the receiver, the clearness of the image, and other factors. A few questions from the audience were answered at the conclusion of the speech.

A time capsule is to be held in about two weeks in the building from which the WMB and W3AL operate. A speaker is expected.
