Alexander Macomber
Again To Be Marshall
For 38th Graduation

Rev. Pennington, C. W., will again serve as Chief Marshall for the seventy-first graduation exercises to be held Wednesday, June 7, in Symphony Hall. Mr. Macomber has lead the Senior présenté in the capacity of the Chief Marshall for a number of years.

Rev. Pennington Makes Invocation
Chief among the speakers will be President Kanreld T. Compton who will deliver the address at the baccalaureate services, which precede the corn-

atonation of the graduate students.

Swanswsept, Tech men voted for Mondays in the poll and they wanted them with long curly hair like Jane’s. Then she has blue eyes after the Tech style.

For all the men who are the right height, Jane is also exactly right. In the poll results, the ideal date is 6 feet 3 inches shorter than her current. Everyone who is 6 feet 11 inches tall voted unanimously for Jane’s length, as she is 6 feet inches tall.

She stands between the Jack-

Kodak and Tech men as a whole, for she is interested in art while the majority of those interested in Tech are interesting, it isn’t art that appeals, but good and interesting lit-

erary and fine art. The same desire which appeals to both her and Tech, but not the same desire, or the motive which appeals to her but not to Tech.

Jackson Dances; Jane Dances
Jane scores one hundred and the next five questions in the “mental and psy-

ological characteristics” group, although there is a possibility that aesthetic dancing puts her in close contact with her environment. At Jackson, aesthetic dancing is done by nearly all the girls; it is called modern dance-

ing there though. The difference be-
