to offer for the Winter and Spring meets. During this time the Freshmen are given special attention, and they are not overlooked in any way, due to the fact that they will be potential material for the Varsity team next year.

"Freshman Cross-Country, which starts the 20th of September, gives a great many boys an opportunity to fulfill themselves up for the coming season. They have races with some of the nearby colleges, and they also compete in the New England and the Inter-Collegiate Championship's in November. Every year large numbers of Freshmen have reported for cross-country, and the majority of these boys have been novices, but before the season is over they become excellent runners and by Spring they become experts. All who enter cross-country work very hard to contribute to the Intramural, should not take this into consideration but report and try to see if there is some hidden talent. Very often the boy who least expects it turns out to be the champion in some special event."

Chesterfield
...more pleasure for millions

Straight to more pleasure... that's where Chesterfield makes a solid hit every time... gives smokers what they want... refreshing mildness and better taste and here's the big reason... It takes good things to make a good product. That's why we use the best ingredients a cigarette can have... mild ripe tobaccos and pure cigarette paper... to make Chesterfield the cigarette that SATISFIES:
