Ford to Play At Tech Night
Bridge, Door Prize, And Turkey Raffle
Are Attractions

Dr. Detitch, a Social Democrat from
Prague, explained that the Sudetens
were the youngest, being only two years
old, and that they are being settled in
the Sudeten area by the Germans
for the future. This future is not to
be determined by the Sudeten
people themselves, but rather by
the Germans. The Sudetens are
therefore divided into two groups:

1. The Sudetens who are
willing to work for the
Germans.

2. The Sudetens who
are unwilling to work
for the Germans.

Dr. Detitch also mentioned
that the Sudetens are
being used as a
military force by
the Germans.

Carmony Engaged For Catholic Club
Dance In Walker
Informal Fall Accumination
Dance To Be Held On Friday Evening

For its Fall Accumination Dance on
Friday evening, the Tech Catholic
Club has arranged Jim Carmony and
his orchestra. It is announced that
the dance will be held at 8 P.M.
in the New Hall.

Carrmony and his四piece band
will play in the lounge of the New Hall
from nine until one. The fuffy
atmosphere will be, in the words of
the chairman, "the perfect place for
a dance." The entrance fee will be
eighty cents per person.

Dr. Detitch also called attention to
the Sudeten area's magnificent
vineyards and the fine wines
produced there.

Schaefer Speaks
At A.I.E.E.Smoker

Smoker Of Boston "L" Club

"A smoke can give more
free entertainment in the
recent Imports" accord-
ing to Frederick D. I. Schaefer,
chairman of the Electrical
Engineering Department of
the Institute of Electrical
Engineers.

The smoker was held in the
Central Library of the Institute
and was attended by a large
number of engineers and
students.

The program included
a talk by President
H. P. Morse on "The
Time, Weather, And
Morse Code." He
explained the
importance of the
Morse Code in
telegraphy and
radio
communication.

A lecture was also given by
Mr. L. E. Brown on "The
History of Telegraphy,"
which traced the
development of the
telegraph from
early experiments
in the
nineteenth century
to the
modern
system.
