LOVE FINDS THE ENGINEER

In recent years, the complaint that the
Tech student was more machine than man
has slackened noticeably. Courses in human-
ics and liberal subjects have done much to
humanize the embryonic scientist. Recogni-
tion of the definitely human attractiveness
of M.I.T. men comes now from neighboring
Simmons College. For quite a while the
Simmons drama group has chosen Institute
men over thespians from all other local male
schools to play opposite them in their productions.

Gentlemen! Your Gifts "To the Ladies"

ARE IN OUR Bashful Santa Shop

The shop with a definite Santa Claus—the separate spot
in a building for Men—where you buy Her gift
without stammering. It's not only that a bull in a china shop
is at ease compared to gentlemen toying with perfume
bottles and frilly you-know-whats . . . it's that we know a
definitely flameproof wife who got chiffons once, and that
the number of vice-verses is even more appalling.
So we've done all the footwork for you—gathered in one
place everything that would boost your stock—staffed the
shop with personable young ladies to caution as well as
courage, and ask a mere $2 for Non-Coms and soar
merely to $20 if You've Made Up Your Mind . . . and we
wrap, tie and truck one as gleefully as the other.

If you're too sly to ring our bell, call 310-5000—extension 107.
