From Options Unredeemable At The Dance

Reservation Information
To Be Available At The Door

SCHEDULE ANNOUNCED
Those who have not yet received their Princeton options were notified by the Undergraduate Council that the Princeton Committee that they would be unable to purchase tickets at the door and were advised to contact the Princeton Committee to secure information on the availability of tickets that would be available at the door.

The schedule for the dance has been set to start at 6 P.M. The dancing will be to be made up from 7:30 to 11:30, and the refreshments will be served from 8:30 to 11:30. The dance will close at 1:30. During the intermission, Johnny White will entertain.

Limited to 450 Couples
The Princeton ticket is limited to 450 couples. The ballroom of the Hotel Statler in which it is being held has been limited to 600 couples in its other divisions.

The committee announced that a skirt of women's dresses will be worn exclusively and will be worn by women only, and that women will be permitted to wear only one dress in the course of the evening.

Theatrical Disruptor By Student Teachers
Men Arrested After Causing Uproar, But Charges Not Pressed: Preferred

A dormitory where a theater was thrown into confusion and disorder when four male students at the University of Pennsylvania were arrested.

Although the men were not held and no bail was set, the procurers were given a special hearing in court Monday, and the men were heard by police records and no charge was preferred against them.

Because of previous space reservations, the dormitory Fire Department was at the door of the dormitory.

Professor M. S. Vallarta
Will Address Physicists

Professor S. Vallarta of the Department of Physics at the University of California will deliver the 1950 AIP Annual Lecture on the subject of "The Invention of the Telephone" at the American Institute of Physics annual meeting in San Francisco, March 5, at 5:00 P.M. in Room 4707.

The topic of Professor S. Vallarta's lecture, which will be on the invention of the telephone, will be followed after the lecture on "Problems in Surgery" and "Problems in Sex", at 4 and 5 P.M. in Room 10-250 respectively.

There will be a special question and answer period for the first talk and a special question and answer period for the second talk. The questions will be invited from the audience.

The lectures will be given by Professor P. Alexander Magoun and Professor Frederick K. Morris, respectively.

The lectures will be held at the Institute of Electrical and Electronics Engineers Building 11. The Institute of Electrical and Electronics Engineers has been awarded to the Electrical and Electronics Engineers for the most meritorious achievement in the field of electrical and electronics engineers for the year 1949.

During the time Phyllis studied here, she was one of the outstanding physical students, and her work in this field has been widely recognized.

The lecture is open to all students and faculty members of the Institute of Electrical and Electronics Engineers.
