Figuring that the bank can't lose, he blindly consented to accept the position of proprietor. An unlucky, almost initially, seldom away the bank in ten minutes and sold it back to the bank. Again he tried, and again he lost to his less able colleagues. He attempted the betting end for a while but had even worse luck. As bank was lost to a girl who had never played before. He gave up then, having suffered a paper loss of about fifty bucks. He's never going to gamble again.
