A. I. E. E. Holds Dinner Tonight

Transmission Engineer Will Present Movie Program at Flamingo

In their first off-campus meeting of the year, the members of the American Institute of Electrical Engineers will hold a dinner tonight at the Flamingo Room at 7:30 P.M.

After the meal, the guests will hear Mr. Thomas Cooper give a lecture illustrated by talking slides on the New England hurricane.

To See Floor Show

Not only will those attending the dinner see the movie and hear Mr. Cooper's speech, but they will also watch the floor show which is scheduled to take place at the end of the meal.

Mr. Cooper, a transmission engineer on the staff of the New England Telephone and Telegraph Company, will speak on the radio-telephone services of the Bell System. The subject of the movie picture is "The Hurricane Challenge." To enter for the meeting which is open to all those interested in electrical engineering, call at 3:00 s.m. for officers or at Electrical Engineering headquarters.

IN SMOKING PLEASURE

Before and after seeing Bette Davis in "Dark Victory," try the most popular cigarette in the world: Chesterfield. Enjoy Chesterfield's Happy Combination of the world's best cigarette tobaccos.

Thanks to their can't-be-copied blend, Chesterfields are refreshingly milder, taste better and have a more pleasing aroma. Chesterfield gives you just what you want in a cigarette.

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY.

The Right Combination of the world's best cigarette tobaccos, They're Milder. . . They Taste Better

Two Graduate Students Chosen By Delta Omega

Pauline Clay Christie, G. and Patricia J. Pearson, P. students in the Department of Biology and Public Health, have been selected by the national honor society for outstanding scholarship and professional promise.

Miss Christie was graduated from Smith College in 1933. After receiving the baccalaureate degree from the National Organization for Public Health Education, she taught English at the C. A. A. A. in Philadelphia, the University of Pennsylvania and the University of Pennsylvania Medical School.

Miss Pearson has been an Instructor in Biology at Fordham University, and has traveled in England, India, and China. She received the B.S. degree from Internet College in 1931.

Chesterfield telephone and telegraph company, will be the subject of talks on the Radio-Telephone Services of the Bell System.

The Radio-Telephone Services of the Bell System are illustrated by talking slides on the New England hurricane.
