our minds and bodies quicken in response to that spirit. And, besides, it is the time of year when we can stop wearing coats and ties, and be comfortable.

DEAR EDITOR

Editor, The Tech:
The Friends of the Abraham Linolmanna Brigade have requested me to help raise two hundred dollars for the sepulchral of Max Shufer, a former Tech student who died two years ago. They are trying to establish an endowed scholarship in his name, and the students may not be aware of the facts of his unhappy life. Therefore, I would appreciate your printing this appeal in your paper.

Yours truly,
{Author's Name}
