Tennis Tournament Slow

The tennis tournament is not in full swing at Tech, but it looks as if the small group of students who aredevoted to the game will have a season to remember. The weather is mild and there is no sign of rain on the horizon. The matches have been played at the courts on the Frosh Field, and the small group of players includes: John Thompson, '38; Wilbur Emerson, '39; and Richard K. Atkinson, '39. The matches are held on Saturday afternoons, and the competition is fierce. The players are improving rapidly, and it is expected that the championship will be decided in the last few weeks of the season.
