"All Quiet On The Western Front" Commemorates Armistice Day

So successful was the showing of "All Quiet On The Western Front" at the Technological Peace Federation, American Legion, that the T.C.A. plans to celebrate Armistice Day annually with an important peace program, according to the late Mr. Forest B. Turner, president of the Peace Federation.

On Tuesday, November 15, noon to 2:30 P.M., two representatives, the T.C.A. plans to celebrate Armistice Day with a program that will be attended by many interested people. The program will include a discussion on the Armistice, a talk on the Peace Corps by Mr. Turner, and a talk on the Peace Corps by Mr. Turner.

T.C.A. To Revise Budget As Drive Fails Expectation

Only 79% Of $4,250 Goal Is Raised By Students In Week Drive

Neatness of Drawing up a new T.C.A. budget has caused the failure to meet the drive goal was decided at a meet-
ing of the Committee held Wed-
nesday, November 9.

Only 914,441 were pledged or re-
drawn during the week long drive. This amounts to only 15 per cent of the goal. It was felt that it would be impossible to raise this much by examining the drive for another week, the com-
mittee discussed against this method so that the length of the drive was specifically cited on the handsheet and the handout.

Lack of Contact For Less

The reason for the lower contributions was not made clear. Those who contributed were found to be less than previously. The contrib-
ution of the dormitories was shown to be less than in the past. The amount of money received in the handsheet is less than previously. It is felt that there will be little de-
crease in the T.C.A. service for the year.

Although the drive is officially closed, the students have been encouraged to continue giving to the T.C.A. The T.C.A. has been prepared to accept the new contributions and will probably count small donations in the amount to each T.C.A. activity. The income from the handsheet and the balance sheet is completely unknown.

Tars Say Loves Conquer All
As Fiance Calls From Ecuador

Tars have become a faithful advocate of the belief stated by the gentle-
man, "Love conquers all," and say, "Love conquers all." She is not only in love with a young man who is a student.

Her viewpoint is based on experi-
ence, and that experience includes a number of fraternities and social activities, including the
