James S. Rumsey: Chosen Chairman Of Senior Week

Committee Discusses Plans For Sales Campaign At Fall Banquet

An executive committee, headed by James S. Rumsey, was chosen at the first meeting of the Senior Week Committee held last night. Rumsey, who is president of the Executive Council, was elected chairman. George W. C. Martin of the Department of Chemistry, experimental printer, is assistant chairman. The committee will be given final approval by the Student Council.

The change of format for the Sales Campaign is due largely to the fact that the committee does not want to be tied down to a given number of salesmen, and will allow a large percentage of the committee to become active in the campaign.

The committee will meet next week at the VooDoo Club. They will discuss the possibility of a new campaign to replace the one used in the 1947 Senior Week.
