Cross Country Team Finishes Fourteenth In National ICAAAs

Manhattan Captures Second Straight Victory

Crosby And Gow Lead Tech Men In New York Finals

(Exclusive to The Tech) - Captain Joseph Blackman, '40, has been named as the official race director for the first of the New England Cross-Country meets to be held here Saturday. It is the Tech's first season of cross-country meets. Both teams, however, will have two new runners, thus making the meet a good one.

In the first year meet, Brown placed third in the Eastern Conference. Presently a third team, Yale, is also entered in the conference.

Tech has entered four runners in the meet. They are Lloyd M. F. Tabor, Joseph Blackman, Robert T. Rutledge, and Keith K. Bland.

Tech's meet will be held here Saturday.
