Professor Rule To Speak

At Camera Club Meeting

The newly-organized Camera Club will hold a meeting today, Tuesday, at 8:00 P.M. in order to hold elections and to adopt a constitution. The talks will be judged on the clarity and logic of presentation rather than on a florid oratorical style. The talks may be supplemented by slides, blackboard diagrams, or experiments. In the case of slides or experiments, the discussion of them is open to all, and members of the Camera Club will be present to answer questions. The subject matter for the talks will be agreed to by the members of the Camera Club and will be chosen by the speaker chosen by the speaker.

Demonstration Featured

After the business of this meeting is over, Professor John T. Rule of the Drawing Department will speak on abstracts and photography giving demonstrations with some of his interesting pictures and slides.
