Alumni Hear Dr. Compton

President Says Institute Pays $766 A Year Per Student

Dr. S. T. Compton disclosed to over 500 members of the Greater Tech

Tobacco Alumni Association at its annual meeting held at the Institute's

Helm Memorial Auditorium, that the Institute pays $766 a year to its mem-

bers. Dr. Compton stated that in 1940-41 the Institute spent $1,047 a year

for all its members. In 1939-40 the Institute spent $1,047 a year for all its

members. In 1939-40 the Institute spent $1,047 a year for all its members.

The president said that the Institute was not in the position to

pay its expenses out of profits, and that the Institute had to rely on

the contributions of the trustees and the Institute's endowment funds.

manager. The new associate board consists of: Charles A. Pressman, '41;

Arthur J. Heimer, '41, associate editor; and Warren J. Myers, '41, associate

manager.

Ferrone Talks on Sound

Dr. G. O. Ferrone of the American Telephone and Telegraph Corporation

spoke on the subject of sound research at a recent meeting of the Student

Radio Club. His talk, which was entitled "The Nature of Sound," was a

discussion of the properties of sound waves, and their use in various fields

of science and technology.

Radio Club President Gives Demonstrated Talk

Talks described in detail by T. L. Ferrill, '40, president of the Radio Club,

were presented at a meeting of the Student Radio Club. The talk was a

demonstration of the properties of wave motion, and was illustrated by a

demonstration of the formation of a wave of sound by means of a tuning

fork.

T.E.N. Founder Speaks

Last week's banquet, held to honor the members of the T.E.N. Board,

was attended by many of the members of the Institute. Dr. Ferrill, who is

a member of the Institute's faculty, gave a talk on the history of the

T.E.N. Board and its founders.

The meeting decided to sponsor a dance for the benefit of those men who

are not able to afford the cost of admission. The dance will be held at the

Hotel Bellevue on Saturday evening, and will be open to all members of the

Institute.
