The Tech

The advertising department offers valuable training to men in its organization, and gives them valuable business experience. Students are given the opportunity of making a great variety of contacts among business men, and get selling experience which will be invaluable in their future careers. A special training course for interested freshmen will be given on Monday, the 4th, and Thursday the 11th, from 5 to 6 P.M. in the business office of The Tech.

Bookkeeping Taught

Many employees today men who have a thorough knowledge of standard bookkeeping procedures. The Treasury Department of The Tech provides such training, as well as an understanding of the financial structure and operations of an enterprise.

Of course work on The Tech is not a grind like 8-6. In the place of quizzes, go-untils are often held. On Monday and Thursday nights, when the paper is written, the news staff has supper at a special table, where staff members have a chance to become better acquainted with each other.

A man who comes out for The Tech will be also, thus, not only to gain invaluable experience and training, but also to increase the value of his business time. All men who are interested in coming out for this purpose are urged to come down to The Tech News Room, Room 2, Walker Memorial basement, from 5 to 10 P.M. on Mondays and Thursdays, or to The Tech Business Office, Room 36, every evening from 6:30 to 8 P.M.

A special course in selling is now being given, and interested men are urged to attend.

The only Combination of its kind

You can look the whole world over and you won’t find another cigarette with Chesterfield’s RIGHT COMBINATION of the best American and Turkish tobaccos. In Chesterfield you find just what every smoker looks for…COOL SMOKING, definite MILDNESS, and the one thing that really satisfies…downright GOOD TASTE.

Chesterfield the cooler, better-tasting, DEFINITELY Milder cigarette.
