Igor Sikorsky Will Speak
In Room 1025-G Today

An interesting talk has been planned for the talk, "The Work of a Pioneer in Aircraft," to be given this afternoon by Igor Sikorsky, in Room 10-050 at three o'clock. Since the lecture upon all students is scheduled to last two hours the recast at four o'clock will allow those not able to attend the entire meeting to enter or leave without interrupting
Mr. Sikorsky's discussion.

Mr. Sikorsky will be given the fact that since the inception of the Peace Federation, students are becoming more interested in the activities of the organization, and are expressing a desire that the society be sponsored by a chapter of the society to be held in the 1:30 Club Room.

Robert S. Fay, '42, T.C.A., representing Peace Federation, will address the students in the field of manufacturing and commerce. After the discussion the students are encouraged to join the society in sponsoring the Peace Federation, and are given the opportunity to subscribe to the society's activities.
