Commuters Set Sideshows, Games, Dances To Mark Revival Of 5-15 Show

MAIN HALL SELECTED

The 5-15 Club’s second revival of the student-ACT Carnival is scheduled to be held Friday, May 3, in Walker Memorial, according to an announcement made by Lester W. Bart, ’41, the president of the 5:15 Club at a meeting of the Board of trustees last Saturday.

The date, Hall, is scheduled to be the subway of the circus, with a dance floor in the center, prize contest booths along the walls, and a card table with an exhibit display of one at the corners. Prizes are listed and the skill of institute and their dates are also to be a part of the affair.

Dancing All Evening

The time of the hall will be roped off to allow dancing throughout the evening. The admission fee of 25 cents which has been announced by the dance committee, will be collected at the entrance of the occasion. Both boys and girls will come quickly to be held during the evening.

The committee is also planning to have in the corner of the cards a card table with cards which will induce the students to partake in the dancing games, penny20 guessing contests, card play and such. The girls will have a regular dance hall of their own and many others which will call for a study and easily study.

Girls Entertained At Square Dance

Ousting Club Takes Pictures As Mike Fresh Calls Numbers

For the third time this year, the Oustling Club entertained the spirit of the college by presenting a well-attended dance in the Student Union last Friday evening.

Girls from the various classes were the guests of the boys, who arrived in the Student Union in force. The boys arrived in ample numbers to do their share of the entertainment.

Boy and girl guests were seated in perfect order, and the dance floor was cleared. The music was provided by the Union orchestra and the music was provided by the Union orchestra and the music was provided by the Union orchestra. The dancing was of the usual student variety and the music was provided by the Union orchestra.

The dance was attended by the students of the college and by the alumni. The attendance was very large and the dance was a success.

T.C.A. Holds Comm. Will Compile Calendar

The Walker Memorial Committee has announced that it has begun to compile the freshman calendar of the 1940-41 edition of the T.C.A. Handbook. The committee requested that any events which are not yet published in the handbook calendar be filled with the committee as soon as possible.

The calendar will include important dances, professional societies, committee meetings, general notices, club events, and athletic events. It will extend from September, 1940, to June, 1941.

Stewart Milller

Gets Fellowship Of Tau Beta Pi

Technology Senior Is One Of Eight Selected From Entire Country

Senior K. Miller, ‘41, has been selected as one of the 835 fellows to receive the national Tau Beta Pi Fellowships for the year 1940-41. Miller was selected from a list of 48 applicants representing 23 of the engineering schools of the country.

The club members were notified on March 24, and 14 Fellowships granted for the program was inaugurated eleven years ago.

A Tau Beta Pi Fellowship carries with it a scholarship of $500, so as a Fellow, Miller will receive a yearly study at the school of his own selection. In addition, the officers, four in number, have the Massachu-

Military Society Elects Officers

Joseph H. Myles, ’41, was elected Captain of the Band. Richard H. Coe, ’42, discusses the high-voltage Electronics, and a confidant for Tae Po. The committee for the following, consisting of George G. Spencer, ’42, John M. Bollinger, ’42, and John H. Coe, ’42, form the board of directors of the society.

The recommendation for this change will aid students.

Junior Engineers Meet Tomorrow

The Junior Engineers, a newly created professional group, will hold their first meeting Monday night at 7:30 in room 8-105. Frederick T. Haddock, ’42, classman; and Peter W. Hellige, ’42, junior engineer, will be in the speakers' chair. Dr. L. C. Van Atta, electrical engineering professor, will speak on the group at this meeting.

The new society is affiliated with the Engineering Society of New England. The purpose of the group is to enable junior engineers to establish contacts and participate in discussion groups. Junior engineers will be held at those topics of special interest to junior engineers, such as licensing and testing, and relations, will be discussed.

“Maintain Industrial Contacts” Is Advice Of Professor Hardy

The greatest hazard of the teaching profession is the empty aridness of its students, and many students do not have adequate faculty capacities,” said Professor Arthur C. Hardy, Technical physical and mechanical engineer, the University, during the recent week.

The answer to this hazard is a problem, he said, when students are not sufficiently motivated to pursue their studies with enthusiasm.

“Happy Is My Work

Professor Hardy explained that he has not had to work as much as one might suppose that some students have to work because they do not have enough work. He admitted that he finds the teaching work as much as he does, but he feels that he is making the best of a bad job. Very early facts are noted

In the last week

T. C. A. Holds
Tech Embassy

Kitchen Talks Tomorrow On Your Religion In Room 1-390

In order to keep abreast of the spirit of the fellowship generated by the Junior club, the T.C.A., will conduct the fourth annual Tech Embassy at 11 A.M. tomorrow. Professor C. C. Wiltsch, executive secretary of the Student Christian Movement of New England, is to speak at the open session on the subject, "Your Religion?"

Professor William W. How, of the Department of English, who has been in Spain and France, will introduce the speaker. After the open session there will be general discussion in the frescoes, in Grill House, Walker Memorial for the Sheep and undergraduate coteries and on a variety of other topics.

Anderson Says All T.C.A.’s Candidates are Redeemable

All the Bursary’s pledges which were given in the last T.C.A. are to remain. Professor W. W. Anderson, ‘42, chairman of the Bursary Committee, says that all the Bursary’s pledges which are not yet paid may now be referred to the office of the T.C.A. at any time during the week before five.

Over $800 is still outstanding in these pledges, according to Professor W. W. Anderson, ’42, chairman of the Bursary Committee, says that all the Bursary’s pledges which are not yet paid may now be referred to the office of the T.C.A. at any time during the week before five.

11 To 6 Chosen As New Hours For Event

Change Will Aid Students In Meeting Guests Of Institute

President Kurt T. Conover has requested that Institute classes be suspended on the morning of Thursday, April 27, in order that all students and Faculty members may be free to attend the reception at the Institute’s visitor’s bureau.

Through the suspension of these morning classes, the open program will be able to start at 11 A.M., thus accommodating the visitors coming from classes, who arrive early in the morning.

Open House From 11 to 6

For the semester the open house program, which the open program will be able to start at 11 A.M., thus accommodating the visitors coming from classes, who arrive early in the morning.
