SPORTS SLANTS
by Harvey Kramer

This weekend will hurl the blades of the 1940 winter sports campaign upon the ice. Both the fencing and rifle units have already returned from Cambridge for the first of the annual intercollegiate contests of those sports.

But this will all be past weekend, though by no means forgotten, and all Beaver sports fans will be holding their breaths awaiting the winter sports season.

By the time the spring sports season opens, the Harvard varsity members will be back to their respective colleges, and the hamlet of Cambridge will have been settled into the calm and peaceful repose of the winter season.

In addition to these events, tennis and golfing will be in the Beaver sports spotlight. To ready, sailing may appear to be a form of intercollegiate competition. However, this is far from true. Besides the regular varsity program, there is the Committee on the Arts which competes against other clubs in various meets throughout the spring and Fall.

In this field of competition the name of S.L.T. is highly respected for the quality of its competitors. The efforts of the committee to establish the Institute in position, in regard to intercollegiate sports, is an example to be set in the ambition of all sports enthusiasts.

The committee on the arts also has the added interest of being a form of intercollegiate competition. The Beaver varsity club is one of the strongest in the nation and has the potential of winning any intercollegiate event.

Beaver Fencers Hope To Place In Intercollegiates
Fencers have Beat Chance in Years Of 1940 Intercollegiate Championship
With their best season’s record in recent years behind them, the Beaver fencing team is ready for the New England Intercollegiate Championship.

Michael John, the captain of the fencing team, was the only fencer to excel in the competition. He also won first place in the tournament.

The fencing season is looking promising, with the team performing their best. The Beaver fencing team is confident of their chances to bring home a victory in the upcoming tournament.

Expert Marksmen Seek Championship Matches
Beaver Team Has A Good Chance Of Winning Title
The Tech rifle team, which has been practicing for the recent competition, is favored to win the championship.

The riflemen are expected to perform well in the competition, with their recent successes giving them a strong chance to capture the title. The team is led by the experienced Marksmen, who have been selected to represent the team in the championship.

Marksmen To Shoot Championship Matches
The Tech rifle team will travel to Harvard (see the weekend) to participate in the New England Intercollegiate Championship, which is set for the New Haven on Saturday. In Friday's meet, the Beavers will be facing Harvard, Rhode Island, and Dartmouth. The Beaver varsity club is one of the strongest in the nation and has the potential of winning any intercollegiate event.

Football Announcement Clarified By Creamer
Official clarification of the football announcement presented in Tuesday’s issue of The Tech was offered last night by Thomas P. Creamer, ’40, president of M. T. A. Creamer stated that the spring game on Saturday, March 14th, is an informal exhibition match.

He explained, “The Administrative Council has arranged an informal football team, consisting of Juniors and Seniors, to compete with outside teams and present a variety team, as was stated in the ‘Week of Sports’ as a result of the Tech being misrepresented.”

Tennis
The past performances of the tennis team are promising. With a good chance to place in both events, the team is looking forward to the competition.

The tennis season is looking promising, with the team performing their best. The team is led by the experienced tennis players, who have been selected to represent the team in the upcoming tournament.

Wrestling Bouts Will Start April 3
Over 35 Already Signed-Up; Coach Rivers Wants More Entrants
“Wrestlers may enter any tournament as long as they are able to participate. The first American appearance of its kind was the Dartmouth-Dartmouth College, organized in 1830. The first varsity to adopt this sport was Yale University in 1865. Harvard, not to be outdone by its great rival, quickly followed by establishing a varsity in 1866, and the first intercollegiate meet was held in 1852 between these two institutions at Cambridge, Massachusetts.
