Mott Elected Head Of Dorm Committee For 1940-41 Season

Seven Chairmen Newspaper Chiefs Picked Last Night; Two 'Oles Open

Willard S. Mott, '41, was elected chairman of the 1940-41 Dormitory committee by the dormitory residents and faculty members. He succeeds Henry Feitler, '40.

The Dormitory Committee chooses the following officers last night: Hervey S. King, '41, chairman of the freshman committee; Charles A. Nichols, '41, chairman of the sophomore committee; Conrad N. Nelson, '41, chairman of the junior committee; Arthur B. Smullen, '41, chairman of the athletic committees; Arthur B. Smullen, '41, chairman of the sophomore committee; and Robert S. Kmit, '41, chairman of the junior committee.

Ross Edgeworth, '41, and Walter A. Davis, '41, were elected editor and treasurer respectively of the 'Oles Review, dormitory newspaper.

The election of the treasurer and secretary was postponed until the next meeting to be held during the coming week. These officers are to serve during the 1940-41 term.

Camera Club Holds Elections Thursday

Prof. Harry To Talk On Color Photography And Kodachrome Process

Dr. Henry M. Harney of the department of Physics will address the election meeting of the Camera Club, Thursday, May 3, at 5:30 in Room 9-321.

The subject of Professor Harney's talk is to be "Color Photography for the Amateur." As part of his talk, he will explain the principles of color photography, utilize the Kodachrome process, and discuss its difficulties encountered in the use of these principles and processes.

Professor Harney, who is a camera editor of the Camera Review, will also exhibit a number of Kodachrome transparencies taken at the New York and San Francisco World Fair last year.

Physical Society Holds Informal Party May 3

The Physical Society will hold its informal annual party for members and professors on Friday, May 3, at 8:45 in Slipher's Restaurant in downtown Boston.

The purpose of the gathering is not to provide a social event, but rather a demonstration of the ways in which people will be entertained. An informal discussion of what people hope to see is expected to be held. Refreshments will be served throughout the evening.

Alumni Starts New Fund Drive

Periodic Solicitation Of All Graduates To Be New Policy

Revising its former policy, the Boston Alumni Association will conduct a drive for funds from the alumni over the past few years. Not a high-profile campaign, the drive will be the first periodic solicitation among the alumni in the alumni (taka's) history. Henry W. Kline, '41, will direct the campaign.

This change is the result of many requests from alumni who wish to make small donations to the institute and have been unable to do so. Technology has not increased the demand to make gifts to a level that can be met.

Taxation Interfered

Present taxes in taxation and other governmental areas have materially reduced the number of such requests. The alternative, the alumni association found, is an increased number of areas of small donations. The funds raised in these lines are solicited to be used for the expenses of the institute. In order to further add to the project begun with the election of the Jiggs Field house and the existing pool, and to establish a series of endowed chairs in memory of distinguished servants of Technology. None of this money is to be used in paying for current expenses of the institute.

Record Number Visit Technology Guests Of Institute

See Student Exhibits At 15th Open House

A record of approximately 20,000 citizens of greater Boston came to see Technology's 15th Open House yesterday. The exhibits were open to the public for the first time and the visitors were unable to see the entire and best development of the site.

Perhaps the most popular exhibit were those where the exhibits were given over the entire site. The shows were open to the public and the only area of the exhibits that were shown at a technical session of the open house were those where the exhibits were open to the public.

Notice Of Advertisements For Degrees

Students expecting recommendations for degrees will be sent to the Faculty of the Faculty of its office for consideration.

E.E. Dept. To Show Films On Telephone

Automatic Telephone To Be Subject Of A. E. I. E. Session

A second annual picture describing the new European communication system for telephone, which has not yet been seen in this century, will be shown as a technical session of the automatic telephone department of the A. E. I. E., in cooperation with the department of Engineering Schools and Institutes. The film, "The History of Telephone" was produced by the Bell Telephone Manufacturing Company of America, in conjunction with the International Telephone and Telegraph Corporation.

Demonstration to Follow Film

A demonstration of an exhibit illustrating principles of automatic telephone arrangements will be conducted after the playing by James R. Jones, '41, who oversaw the construction of the exhibit. The demonstration will also provide the inspiration for the film. The session, which is open to students and staff members of the A. E. I. E., will also be attended by students from the A. E. I. E. and the Boston University, and a group of engineers of the New England Telephone and Telegraph Company.
