Conscription As It Affects Students

The following is a partial of a student petition upon conscription issued by President Karl T. Compton yesterday.

This issue of the Bulletin is given largely to discussion of the Selective Training and Service Act of 1940 as passed by the Burke-Wadsworth Bill, that is of particular interest to institutions of higher education.

Sec. 2 (a) All male students, except advanced ROTC students as noted below, who on the day of registration "have attained the twenty-first anniversary of age and who have not entered the thirtieth anniversary of the day of their birth" must register.

Sec. 2 (b) Any persons "who, by reason of religious training and belief, is conscientiously opposed to participation in war in any form," if required, subject to approval of his claim, to be subject to combat service but is subject to other non-combatant service or to "ears of national importance under civil defense.

REGISTRATION—The President has set October 16 as the date for registration subjects. All officials or such other individuals as the county clerk may appoint will register within the registration within such institution. The student may register at any convenient place regardless of legal residence or domicile.

The county clerk will mail individual classification cards to the local selective service (draft) board having jurisdiction over the area in which the student resides.

CLASSIFICATION—Each student (as well as all other men 21 or 22) will be assigned a number and will be subject to call for classification. Prior to the receipt of the call a personal draft card, one section of which provides for registering the individual's education and includes a list of his courses and grades during the current academic year. If the student requests deferment and if his attendance during 1940 is verified by the college, his training may be deferred until July 1, 1941 or until the end of the academic year. (Continued on Page 3.)

Activity Notes

The Tech Smoker
