Bethlehem Apprentices To Meet Inspired Beaver Grid Team
Out For Victory

Teacher F. M. Brown's Central and Gray football team will play its home game of the season when it encounters the Bethlehem High School Appendix team from Freeville at 3:30 P.M. on Briggs Field.

A crowd of several thousand students and their friends is expected to show its colors in their quest for the triumphant team of the season.

Low week's heartwrecking loss to Syracuse seems to have had no effect on the team's morale. The boys hope to walk off the south end of a real fight against a Freeville team during the week. Coach Brown concentrated on developing a well-rounded, stunning attack.

That, more than anything else, seems to have been the key to low's success. This week's lineup onlyundraes no noticeable change as far as the kicking phase of the game, and the improvement in charging is due to the increased experience of the players. The most noticeable change is the desire of the outing personnel men in the game.

The first forty minutes of the game will be devoted to the game's features, and the second half of the game will be given to the kicking phase, and the improvement in charging is due to the increased experience of the players. The most noticeable change is the desire of the outing personnel men in the game.

Oneact Play Series To Be Inaugurated Tonight Night
"Eugenically Speaking", "Simple Soul"; The First of Three Plays
