The Tech Poll
Favors Wilkie

Senator Roosevelt Receives
Meager Vote;
646 Ballots Are Cast
63% of the student body will cast their vote for Wendell Willkie in today's election according to the 646 ballots cast in The Tech's recent pre-

democratic survey. President Roosevelt is not very popular with Technology students; he received only 7% of the votes. The two major factions left the rest of the field way behind. Norman Thomas received 1%, and Floyd Brandr 1.5%.

The following are the results of the survey taken by The Tech during the last three campaigns:

1922

Heaver ........................................ 66.5%

Thomas ....................................... 16.9%

Roosevelt .................................... 16.5%

1936

Heaver ........................................ 33.5%

Roosevelt .................................... 32.9%

Thomas ....................................... 29.2%
