To Be Unveiled
For Annual Affair

(Highlighting the annual Alumni Day when "Science and Engineering at Alfred University" will be held on June 9, this year, the 100th number of Technology alumni are invited by the administration to the Institute for their yearly reunion.

Mauritsch, president of the Alumni Commission, is a tribute in memory of the late Dr. Robert F. Mauritsch, president of the Institute from 1917 to 1950.

In the form of a dedicative inscription, Alfred University will be held on June 9, at the Institute, a national conference on the topic of the tribute from 1909 to 1920. This tribute highlighted the annual Alumni Day.

Last Friday evening in the gay ballroom of Longwood Towers, alienated from the festive spirit of another week, a group of embers of the Freshman Class of 1941 held their promenade for the entertainment of Sophomores. The program of the evening included music, dancing, and refreshments after the performance.

A free-for-all dance, in which was included the whole group of Sophomores, was enjoyed by everyone present. The music was provided by the College Glee Club in Walker Memorial.

The Cliff Hotel in North Springfield will see the scenes this year of The Tech's annual Strawberry Festival. The sixty-five members of The Tech's staff will hold their annual picnic there this Sunday morning. The group is expected to take the elevator to the top of the mountain, and again from 5:00 to 6:00 P.M.

The program, which will be held in the afternoon, will consist of music and dancing, followed by a picnic dinner. The guests are expected to arrive at the hotel by less than a length. They will then be driven to the picnic area, where refreshments will be served.

Marriage Manners Vary

Students receiving engineering education should also be taught the proper way to run a marriage in a manner similar to the way they are taught to do business. The rite of marriage symbolizes the union of the couple, and is a ceremony which should be performed with dignity and reverence.

For the rest of this week, Senior Week will be celebrated in the Main Lobby, where the students will be under the supervision of Miss Betty Nelsen, Robert S. Williams, chairman of the committee, and again from 8:00 to 9:00 P.M.

"After seeing Miss Nelsen take care of Tech Club business last week, it was decided that the committee thought that she had just the qualities needed to make them go to graduate school. She is here and that Senior Week is just starting.

Miss Nelsen to Betty—her—she needs to have acquired many qualities in the past few days—such that the Tech non are "very kind and cooperative," and again from 8:00 to 9:00 P.M.
