The transformation of an austere campus to a bustling urban scene was well done by the I. Magnin firm. Interesting to note was the presence of one of the Theta Chi Phi members behind the bar serving coffee. On the not so catchy side of the action, CMU is making a special call for the boys to report to the Student Union on Tuesday, May 13. The boys report that Duxbury Park is admirably suited to planting and other activities and other local gardens because the Chi Phi crew has already harvested several cubic feet of sand removed from their collective care.

If you like lobsters, some of the best are available at Kimball's Lobster, and if you like clams, fresh from Cape Cod.
