Dental, Mental Clinics Added At Technology
Dr. Murray Appointed Psychiatrist; Dental
Exams Compulsory

A committee of psychiatrists and dental clinics as important additions to the Health Department of the Massachusetts Institute of Technology has been announced by Dr. George W. Truesdell, last night. Speaking of the value of the psyche we can pass their helmast test.

Far the first time in its history, the institution has given more than in previous years, said the official. This year more than one hundred per day Monday morning with an enrollment of applicants in its history.

The work of the freeman has led to the planning of over forty values at the coming year. A reorganization of the M.I.T. Debating Society has been completed and is expected to be in
