Presidents Talk

**Presidents Talk**

*(Continued from Page 1)*

"Tipping stones," the President maintained that even if the Pearl Harbor disaster had not occurred, the nation to its immediate task of fighting the war. It was not to be our will, therefore, but God's will because they prefer having a little convenience for the good of the nation.

Roger’s Band

*(Continued from Page 2)*

During the course of the season, Rogers explained that most of his boys belong to his organization. Therefore, they have formed a little home life in Boston to bartending itself, and for the good of the nation.

Enivable Record

Among the accomplishments of this band is the fact that it has played in the local hotel, and in the city, and has received high praise from the people.

Featured vocalist with the orchestra is Miss Dorothy Johnson, who has already performed in several concerts and has received several offers from the radio stations.

This is a new band that has been formed recently, and it promises to be a fine addition to the musical life of the city.
