who is contributing his services, will have for entertainment a Russian Gong composed by George Schueldt of Harvard and sung by the Pianurini.

Other members of the receiving line will be Mr. and Mrs. L. C. Gladding Goodhue, Mr. and Mrs. Alexander S. Murray, Mr. and Mrs. Louis T. Stern also announced the organization of the University of Washington and is a recognized authority in the field of hydraulics. He is a member of the A.A.C.E., and has been on the advisory committee of the Coast Guard Academy.

Professor Norris graduated from the University of Washington and received the degree of Master of Science from Technology in 1931. He is regarded as an expert in the field of hydraulic structures.

In the principal address of the evening Professor Charles B. Brown, head of the Department of Civil Engineering, stressed the application of the four principal factors of the engineer—character, scholarship, practicality, to the present emergency.

Seniors May Obtain The Tech At Low Rate

Letters have been sent to the members of the Class of 1942 announcing that they will be able to purchase The Tech for the coming year for the price of $1.36 as opposed to the regular mail subscription price of $2.84. The subscriptions will start in May, and the cost must be paid by October 1.

The special rate is limited to graduating Seniors and is to include sum- mon of the regular price as well as the regular publication.

Business, and Dr. Lawrence Mead, Chairman of the Physics Group of textbooks.
