Flesh Guidance To Begin Today

Prospective Members Of Four Courses Meet This Afternoon

Reminder cards about the course receptions which are to be held today were sent out Saturday by the Course Counseling Committee of the T.C.A. to those freshmen who registered their intentions of entering Courses I, VIII, XI, or XVII. It has been decided to have the receptions from 4:00 p.m. until 5:00 p.m. in order that the freshmen who may attend more than one reception and also to permit those students who have to attend room assignments at 4:00 p.m. classes to attend some of the receptions.

Reminder cards will be sent today to those students who intend entering Courses I, VIII, XI, or XVII. These departments will hold their meetings Thursday.

Ten Of R.O.T.C. Win Annual Awards

Special Honor Medals Will Be Given May 12

The annual awards offered by the R.O.T.C. today were sent out yesterday to those freshmen who conducted in the Military Science department who were announced yesterday by Colonel Edward W. Pinkerton. The Sons of American Revolution medal awarded to the two outstanding cadet officers of the Technical Corps was awarded to Cadet Colonel Bertram H. Fuller, '43, and Cadet Colonel William T. Van Janen, '43. The Boston Post Office of American Revolution selected one cadet as a Junior in the Engineering Unit for outstanding accomplishments and the R.O.T.C. Leadership will be awarded to Cadet Lieutenants R. E. Hawley, '43, and Cadet Frank E. French, '43, who was chosen to receive the gold scholarship key of the Army Ordnance Association, for excellence in Ordnance Scholarship.

The Coast Artillery Association presents a medal to the outstanding Cadet of the Army for the first year advanced Course student. Cadet Ken- neth W. McKee, '43, will receive this medal. The championship rifle team of the First Corps Area was presented the Heeard Medal, provided by the Heeard Foundation. The question team winning the championship was composed of Cadet Capt. Peter G. Wmbo, '43; Capt. R. L. Huntz, '43; Capt. P. H. T. Macfarlane, '43; Capt. H. H. B. Terry, Cadet Myron A. Shoffner, '43, and Cadets Thomas J. Greenman took the two single, doubles and mixed, winning a two week period beginning June 15, it was announced yesterday.

The course is aimed for workers in industrial plants and scientific laboratories who need to understand modern statistical techniques as applied to inspection, design and analysis of factory and laboratory experiments, and to control of the quality of industrial output. It will include lectures, discussions and laboratory work on many allied subjects.

Professor George F. Wadsworth, of the department of economics and social science, is in charge of the program.

Institute Plans Statistics Course

Technology will offer an intensive course on Industrial Statistics for a two week period beginning June 15, it was announced yesterday.

The course is aimed for workers in industrial plants and scientific laboratories who need to understand modern statistical techniques as applied to inspection, design and analysis of factory and laboratory experiments, and to control of the quality of industrial output. It will include lectures, discussions and laboratory work on many allied subjects.

Professor George F. Wadsworth, of the department of economics and social science, is in charge of the program.
