Dormitory-Sponsored Dance For Institute Men And Women To Be Held at Walker, July 31

Baron Hugoto Play; Tickets go on Sale July 28 at 75c.

Technology students and secretaries and Radcliffe summer students will have a chance to get up on the stage of the Main Lobby of Building 10 at Walker from nine till one when Baron Hugoto will play at all-club dance sponsored by the Dormitory Committee.

Tickets will go on sale Tuesday, July 28, in the Main Lobby of Building 10 at Walker and the dormitories will be canvassed by members of the same committee. The proceeds from both ladies and those under the employ of the Institute will be admitted free of charge. Everyone is expected to go to the dance.

Committees In Charge

The committee in charge consists of: G. Roger Kucera, chairman: Harold J. Gershon, '42; Philip Kowalski, '43; and Eugene A. McCallan, '43; employees of the Institute who will sign the attendance list.

Mallory, Elsa Lofgren, and Ruth Hyderabad Epremlian, '43, and Eugene A. McCallan; Harold J. Gershenow, '43; Eugene A. McCallan; Harold E. Lobbell, Dean of Men; Dr. C. P. Baker, Associate Dean; Professor Leicester F. Parkinson, Assistant Dean; and Professor Thomas C. Reynolds, '44, student representative.

Dr. Williams Is Appointed Deputy Dean

Metallurgy Dept. Head Will Assist Duties Of Dean Moreland

Dr. Robert E. Williams, head of the Department of Metallurgy at the Institute, was appointed Deputy Dean of Engineering, it was announced by President Karl T. Compton at the end of last month. Dr. Williams will assume the duties of Dean Edward L. Moreland who will spend most of his time in Washington as consultant for the National Defense Research Committee of the Office of Scientific Research and Development.

Dr. Williams is a widely known authority in the field of metallurgy and metallography, and has been associated with the Institute as student and member of the faculty since 1928. He is a native of Hartford, Conn., and was educated at the Institute in 1928. Later he studied abroad and spent two years in England where he was engaged in research and worked at a staff position at the Institute. He has been head of the department of metallurgy and metallography at the University of Michigan for the past 12 years. His work has been largely responsible for the introduction of the Institute's courses and equipment in metallography, the invention of the stereoscope, a microscope for analyzing, as well as the development of a microscope.

He is a fellow of the American Academy of Arts and Sciences, the American Institute of Mining and Metallurgical Engineers, the American Society of Testing Materials, and the British Institute of Metals. His home is in Belmont.

Honors Military Society Elects 18 Men To Membership

First Week in August

Scabbard and Blade, hortatory military fraternity, elected eighteen new members last Tuesday, July 31, on the opening day of the term. The new initiates include:

Dr. Williams will assist in the administration of the courses, as well as act as the center of administration of the courses.

M.I.T. Sponsors Meeting On Fire Prevention

To meet the urgent need for education regarding fire protection, particularly during the present emergency, Dr. Williams is in the position of a director of the committee, which is sponsored by the United States Office of Education, currently being directed by Professor Frederick J. Adams, head of the Institute of Physical Education, under the chairmanship of Professor Donald F. Macleland, head of the Dormitory Committee.

At the dinner held in Walker Hall last week to meet the emergency, the speaker was Professor John W. Moreland, Dean of the School of Engineering, who spoke on "Fire Protection and the War." Following Dr. Williams' opening address, Harold B. Bond, executive secretary of the National Fire Protection Association, spoke on "Fire Protection and the War." Mr. Bond presided at Tuesday's session on the importance of fire protection in the home, and introduced the discussion of the importance of fire protection in the home.

The committee in charge consists of: G. Roger Kucera, chairman: Harold J. Gershon, '42; Philip Kowalski, '43; and Eugene A. McCallan; Harold J. Gershenow, '43; Eugene A. McCallan; Harold E. Lobbell, Dean of Men; Dr. C. P. Baker, Associate Dean; Professor Leicester F. Parkinson, Assistant Dean; and Professor Thomas C. Reynolds, '44, student representative.

The meeting will open with a presentation of a paper on "Fire Protection and the War," by Professor Frederick J. Adams, head of the Institute of Physical Education, under the chairmanship of Professor Donald F. Macleland, head of the Dormitory Committee.
