Tennis Tournament

It is expected that many coxswains will try out for the first year team and those who are anxious to take advantage of fall sailing may register at the dormitory.

Field Day Basketball
The following are the veterans of Field Day basketball: George Ziegler, Robert Seaman, Warren Spear, Bob Jevon, Bill Rockwell, Pete Schenck, and about twenty others form a freshman squad which comprises the 9th cross-country team for the coming season.

Fencing Team
The soccer team met for the third practice session this afternoon under the able guidance of Coach Craig. The coach’s main problem, which is common to all freshman teams, is that of obtaining sufficient recruits. This was solved by about a half a dozen better men who have returned to fill their old places.

Soccer Team
The freshman team is in even worse condition than the varsity and has only a total of five or so recruits. With a record class of 200 members of all Upstate from the lofty brown-bagger to the lowly brown-bagger, the freshman class certainly ought to have a somewhat better showing.
