Doctor Compton Discusses Student Draft Situation, Reserve Programs Outlined

Doctor Chipman To Address Metallurgists

Dr. John Chipman, Professor of Metallurgy, who was recently awarded the honor of delivering the Compton Lecture at the annual meeting of the American Institute of Mining Engineers, was in Cambridge during the past week.

The invitation to deliver this lecture was extended to him because of the interest in metallurgy and in addition given him the rank of professor, which he has now relinquished himself in some field of research.

Dr. Chipman is an authority on the reactions taking place during heat treatment (Continued on Page 4)

Junior Prom To Receive Budget of $3600

Soph Class Paper To Receive Budget of $4000 For Camp Funds

A budget of $6000 for the Junior Prom Committee was approved by the executive committee of army and navy army turkeys Committee at its regular meeting.

There was several minutes of discussion in regard to this record amount for the week of November 20-22. The principal item in the expenses was $2600 for two bands for the dance Friday and Saturday night.

Due to the announcement that the junior prom will be held in donations to the Red Cross. The junior executive committee decided to appoint a committee to investigate the reason, and to find out a way to increase the amount that the house has already expressed willingness to donate elevators to the Red Cross by means of removing from the house.

Q Club Elects Seven New Men

End of Drive For War Scrap Two Days Off

Total Amount Estimated To Be Over Fifty Tons

As the Technology scrap drive entered its last two days, an announcement was made by Professor L. J. Lyman M. Deyes, chairman of the drive, that the goal of one hundred and sixty last ounce goal to put to the war well up towards the goal that has been projected for the student body.

The students have been turned in before the drive ends this Saturday and they are being encouraged for its sale to scrap dealers.

An accurate estimate of the tons of scrap that have been turned in cannot be made because the material is spread over an area which was not properly marked where they were turned in before.

The students have expressed a desire to make the drive as successful as possible and have shown that two houses have expressed a willingness to donate elevators to the Red Cross by means of removing them from the house.

Naval, Marine, Air Corps, Possibilities

Outlining the procedure to be followed by the students in submitting their applications for the reserves, Professor John D. Mitchel, Program Officer, delivered his Saturday's meeting between students and the Joint College Pro-

reserves, the Joint College Committee will have the privilege of choosing the best student from the total amount that can reasonably be expected to be a showing of an English army in the Blue Hills. The cost for admission to the dance, be-
